10.0	Ceiling Cassette	A-A	£3,140.00

Please note we have only quoted prices for air conditioning installations with genuine Daikin equipment and we have only considered indoor & outdoor units that fall into the A or B energy rating criteria. If you require a cheaper air conditioning installation, or would consider another manufacturer or units that do not reach these high energy saving standards, please contact our sales staff for more details.

The prices quoted in this price list are intended to be for guidance purposes only. They include the cost of the air conditioning equipment, refrigerant pipework and control wiring. They do not include for VAT, mains electrical supplies, builder's work, decorations, extended runs, etc. We always recommend a free site survey. For a fixed price quotation please contact our sales staff.
